Re: Merger of Ash Grove Cement West, Inc. into its parent  
company, Ash Grove Cement Company

Dear Mr. Braxton:

At long last I am enclosing all of the materials requested by your November 21, 1992 letter respecting the merger and transfers of the following permits: Leamington Quarry, M/023/004, Navajo Sandstone Quarry, M/023/010, and Nielson Quarry, M/023/012, all in Juab County, Utah. For each of these three permits, included are:

1. Transfer of Notice of Intention/Large Mining Operations, executed on behalf of both corporations.
2. Reclamation Contract, executed by Ash Grove Cement Company and the surety.
3. Three All Purpose Surety Change Riders, one for each of the bonds currently on file with your department. A copy of each of these riders is attached to the appropriate Reclamation Contract as Exhibit B to that Contract.

Also enclosed are four blueprints: Navajo Sandstone Quarry (aerial); mining plan - Nielson Sandstone Claims SS #1-16; two Disturbed Land Outlines, drawing number B-89-4-0465 (sheets 1 and 2); and two sheets indicating Nielson Lode Claims and Millsite Claims.

If I can be of any further assistance with regard to documentation respecting the merger, please feel free to contact me.

Sincerely,

*Elmer F. Sollars*
